### **Camp Hoodie Pattern Correction**

#### **Hood Tie**

Using dpn, CO 2 sts. \*K2, do not turn; slide sts back to righthand end of needle, rep from \* until I-Cord is approximately 46" long. BO all sts.

Thread each end of tie from back to front through CO sts of hood edging, so that ends are on RS. Fold hood edging over tie to WS at turning row. Using tail from hood edging, sew BO edge of hood edging to pick-up row, making sure not to catch tie.
